

JONES CO. TAKES STEPS TO PROTECT COUNTY BRIDGES

Recently the Commissioners Court passed the following resolution or order. It is timely and important. Take Notice.

WHEREAS, the County roads and bridges of Jones County are being severely damaged by vehicles carrying excessive loads and by tractors which have lug-type wheels, and

WHEREAS, said County roads and bridges were not and are not being constructed to carry and accommodate such excessive loads or for the purpose of tractors which have lug type wheels, and

WHEREAS, roads are being cut through, bridges are being broken in and flooring on bridges are being cut and broken in this usage.

THEREFORE, on the motion of Mr. Sanders, Commissioner of Precinct No. 1, all members of the Court voting "aye", it is ordered by the Court that the following rules and regulations with reference to the use of County roads and bridges by trucks and tractors and any other type of vehicle having an excessive load, that to be hereinafter defined, be adopted and passed by the Court in conformance to the State laws governing such vehicles and their loads, with special reference to Article 6716, 2351 and Articles 833 and 834, the latter of which prescribes a penalty for the violation of these rules and regulations:

1. That loads in excess of Seven Thousand (7,000) pounds be prohibited on all graveled or clayed roads and on all bridges and culverts in Jones County, except and unless by special permission, loads exceeding Seven Thousand (7,000) pounds is authorized by the Commissioner in whose Precinct such roads and bridges are located and a load of less weight may be prohibited by the Commissioners or Commissioner, if, in their opinion a road or bridge would be materially damaged by any such load. That bridges as herein used shall also include culverts.

2. That all lug-type tractors be prohibited on all gravel or clayed roads and on all bridges and culverts in Jones County.

3. That proper notices be placed on all bridges and culverts which might, in the opinion of the Commissioner of the Precinct in which same is located, be unsafe or damaged by a load of the weight of less than Seven Thousand (7,000) pounds.

4. That the County Attorney be instructed to institute legal proceedings against all offenders, both by civil actions for recovery of damages and by criminal prosecution.

5. That the prescribed penalty in Articles 833 and 834, Code of Penalties, of Texas, fixing a maximum fine of Two Hundred (\$200.00) dollars be and the same is hereby adopted and fixed by this order.

6. That due publicity be given to this order in the newspapers of Jones County and if considered necessary,

MRS. W. H. BOYD BURIED AT NEINDA

Funeral services for Mrs. W. H. Boyd were held Tuesday afternoon in the First Baptist Church of Anson, conducted by Rev. J. Henry Littleton, pastor of the Hamlin Baptist Church and Rev. L. A. Doyle, pastor of the Anson Baptist Church. Burial was at the Neinda Cemetery, beside the grave of her husband who died in 1905.

Mrs. Boyd died at the home of a daughter, Mrs. George Harrell in Anson, Monday morning at 4:30 o'clock. About a month ago she underwent a major operation and was believed to be recovering satisfactorily. She did not become critically ill until 10:00 o'clock Sunday night.

She was born in Pine Grove, Alabama, October 17, 1868, and came to Texas in 1881. She was married to W. H. Boyd in Corsicana in 1886 and they moved to Jones County in 1888. To this union seven children were born, five of whom survive. They are three daughters, Mrs. Harrell of Anson, Mrs. H. E. McGee, of Green Bay, Wis., and Mrs. O. D. Weathersbee, of Rotan, two sons, L. H. Boyd, of Aspermont and Joe Boyd, of Anson.

Mrs. Boyd and her family have been closely connected with Hamlin, having made their home here for a number of years prior to her residence in Anson.

HAMLIN COUPLE IN CAR

SMASH-UP THANKSGIVING

Fortunate are those who get into a car smash-up and come out with life. This is the way Jack Farrow and Miss Florence Maberry feel after their experience on South First Street, in Abilene on Thanksgiving night. From what the reports say and from the way Jack looks it would seem that they came near a fatal accident.

They were "cruising about" and from reports they were either going around or dodging a truck and headed into another car with a bang. Jack and the young lady were badly jarred and were treated in the emergency hospital. Miss Maberry did not have any bones broken but it took several days to get over the bruises. Jack was patched up with plaster of paris to hold his shoulders in place and went on with his work as assistant bookkeeper at the Hamlin Cotton Oil Mill.

Carroll Benson, who is teaching in the public school of Merkel, spent Thanksgiving with his parents, Mr. and Mrs. W. E. Benson.

by other means of publicity. Done by order of the Commissioners' Court of Jones County, Texas, in regular session, this 8th. day of November, A. D. 1937.

JUDY EARL ADDRESS

Judy Earl Address, the four months old baby of Mr. and Mrs. Earl Address, who live five miles southwest of Hamlin, died Sunday, November 28, at the Hamlin Hospital.

The funeral service was conducted by Rev. Bateman, Monday afternoon in the Baptist Church in McCaulley. Interment was made in the McCaulley cemetery under the direction of Maples Funeral Home.

Weldon Carlton who has been with the Petty Geographical Co for the past year or two, is leaving this week with the company for Maricobo, Venezuela, South America, to spend the next four years. He is going by the way of New Orleans. Weldon is going to receive the Herald every week while "down there" and this will help him keep in touch with dear old Hamlin. Weldon has promised a letter occasionally to the Herald. All of us will enjoy knowing how he is getting along and something of the countries to the south of us.

Mrs. Sam Hardy, of Memphis, is a guest this week in the home of Mr. and Mrs. C. C. Prater.

DEATH CLAIMS MRS. A. G. ARNETT

Mrs. A. G. Arnett died in the Hendrick Memorial Hospital in Abilene, Wednesday morning, December 1, at 4:40 o'clock. She had been sick only a few days and her death came as a great shock to her family and friends, as many had not learned of her illness until death came.

At the bedside were her husband, a daughter, Mrs. E. R. Witt, of Springfield, Mo., and a son, T. C. Arnett, of Washington, D. C. and a sister-in-law, Mrs. J. W. Tollous, of Fort Worth.

Mrs. Arnett was born in Wheelock Texas, December 15, 1869. Her maiden name was Beulah Cobb. She was united in marriage to A. G. Arnett on December 10, 1890 in her home town of Wheelock. To this union seven children were born, only two of whom survive. Four died in infancy and one daughter, Mrs. Floyd Wilson preceded her mother in death about three years ago. It was into the home of Mr. and Mrs. Arnett that death came for the first time to the little city of Hamlin, when about thirty-one years ago, one of their children died.

Mrs. Arnett came with her husband and family to Hamlin in 1905, in the early days when Hamlin was only in the beginning, and she has always shown the true pioneer spirit in her interest in everything that was ennobling and helpful to the town she was helping to build. She took a special pride in the civic, educational and church interests of Hamlin.

Mrs. Arnett was converted at an early age and united with the Baptist Church. She had been connected with the Hamlin Baptist Church during her long residence here, always deeply interested in her church work and faithful to even the smallest trust. For the past 22 years she served as superintendent of the primary department of the Sunday School of the Hamlin Baptist Church. Her sympathetic understanding, her kindness and consideration for others and her love and zeal for her Masters work has left its imprint in the hearts of the hundreds of children who have passed through her department during these 22 years, many of whom, are now grown men and women.

Funeral services were held Thursday afternoon at 2:00 o'clock in the First Baptist Church, conducted by

HURT IN CAR WRECK, THURSDAY

Once more Mr. and Mrs. Clarence Renfro have suffered in a car wreck.

Thursday morning early, while Mr. Renfro was taking his wife to the Hamlin Hospital for treatment for injuries received a year ago in a car wreck in North Hamlin, they were struck by another car driven by Cauble, in crossing a street in East Hamlin. Both Mr. and Mrs. Renfro were painfully injured. He had one knee cap broken and Mrs. Renfro suffered a dislocated hip. Also bad cuts on the face. The boys seemed to escape all but a shock. The family received treatment at the Hamlin Hospital.

Mr. Cauble and a son were also hurt. He suffered a sprained knee and the boy was slightly bruised. Emergency treatment was given these in the local hospital.

Both cars were a complete wreck.

Miss Mary Boyd, who is teaching in the Fort Stockton public school, spent the Thanksgiving holidays here with her parents, Mr. and Mrs. W. Boyd. She had as her guests, Miss Elizabeth Bowyer, of Abilene, Miss Patty Harrell and Louise Herd, of Fort Stockton.

Mr. and Mrs. L. E. Griffin and son, Loren and Miss Veta went Eldorado for their Thanksgiving. They were accompanied by Roy Tims.

Mrs. Ineth Williams and son, Thomas went to Bryan Wednesday of last week to see the football game. They returned Thursday accompanied by L. B. Williams and Thad Harden Jr., A. & M. students who spent their Thanksgiving holidays here with home folks.

Maxine Benson, registered nurse of Abilene, spent Thanksgiving with her parents, Mr. and Mrs. W. E. Benson.

the pastor, Rev. J. Henry Littleton. Burial was in East Cemetery under the direction of Barrow Funeral Home.

Besides her husband and children, Mrs. Arnett is survived by four brothers and three sisters: N. Cobb, Merkel, H. O. Cobb, San Antonio; J. L. Cobb, Bryan; W. Cobb, New Baden; Mrs. John Cobb and Miss Viola Cobb, of Hamlin; and Mrs. S. E. Riddle, of San Angelo.

ONE OR TWO-HOUSE LEGISLATURE?

AUSTIN. — Judging from my mailbag the most popular question of the month is this: "Would the one-house legislature remedy the evils of the present two-house system?"

A great majority of those writing me think it would. Others while admitting the deficiencies of the present legislature ask pertinent questions about the unicameral (one-house legislature.) Senator George Norris of Nebraska, father of the unicameral plan, has answered these questions in a speech printed in the Congressional Record.

The questions given below are typical of those in letters to me. The answers are those of Senator Norris taken from his speech.

1. Isn't the one-house legislature more representative of the people than the present system?

"The adoption of a one-house legislature is a progressive step toward greater democracy. The idea of the present two-branch legislature was copied from England. One of these branches—the House of Commons represented the common people; the other branch—the House of Lords—represented the aristocracy, men of wealth. The original idea was that the monarchy needed a house of lords to protect one class against the inroads of another. It has no place in a democratic form of government where class distinction has been abolished. The great wonder is that it has been maintained so long in a democracy like ours.

"The two-house legislature must be condemned as out of date and permitting the control of legislation by special interests which through the instrumentality of shrewd paid lobbyists are able to defeat the will of the people at every session of a legislature consisting of two houses."

2. Isn't it easier for the lobbyists to control a one-house legislature than both the house and senate?

"The reverse is absolutely true. The professional lobbyist would find his occupation gone, because his success depends upon his ability to assist the unworthy legislator to make such a record that his constituents cannot easily determine just what it is.

This is also shown by the fact that in any attempt to adopt a one-house legislature, the proposition is always bitterly fought by trusts, monopolies, lobbyists, and special interests.

"In a one-house legislature, where the member of the body has the right to secure a roll call on every vote, it is impossible for anything to be done in secret. Every act of the legislature and every act of each individual must be transacted in the spotlight of publicity.

"In a two-house legislature, with its necessary conference committee, all kinds of opportunities are offered to perform public business in secret and to cover up the record so the people will not know just who is to blame for the defeat of good laws or for the inclusion of jokers.

"In a one-house legislature, the faithful servant would find his record understood by his people, and would be impossible for the unworthy legislator to cover up his tracks. No legislation will take place in the dark. There will be no item of legislation without a public record. Legislative matters will be so amplified that the ordinary person will see through them and understand them perfectly. The people will be able, with any difficulty, to punish and reward according to the record."

3. What are the evils of the free conference committee under the present two-house system and will the unicameral plan remedy such evils?"

"A bill to become law in a two-house legislature must pass both branches in exactly the same form. Where there is a disagreement between the two houses, it is referred to a conference committee. This committee is more powerful in all matters referred to it than either house.

"Its meetings are held in secret; there is no such thing as a roll-call vote; and there is no record of its proceedings. A bill, once referred to a conference committee, cannot become a law unless it is agreed to by a majority of the conferees reported."

representing each house.

"Thus, it was within the power of the committee, in secret and without a record vote, and without any public record whatever, to absolutely prevent legislation, and to kill or to modify, at its pleasure, any proposed legislation within its jurisdiction.

"If a report is agreed to, it is then reported to the house and to the senate, and the bill thus reported cannot be amended. It must either be accepted as a whole or rejected in its entirety. Thus, members of the senate and the house are compelled, without an opportunity to offer amendments, to vote for or against the conference bill as a whole. In order to get the good they must accept the bad. If they think the bad predominates, then, in order to reject the bad, they must likewise accept the good.

(Note: The outstanding example of this evil occurred in 1933 when the free conference committee tacked on to the departmental appropriation bill the rider authorizing race track gambling which had not been considered.)

"It must be understood in considering this question, that special interests, corporations and monopolies are not as a rule interested in securing the passage of legislation. They are almost universally interested in preventing legislation—which in one way or another regulates their activities and prevents injustice by means of monopolistic control.

"In order to prevent passage of legislation it is not necessary to control both the house and the senate. It is only necessary to control one house, or to control the conference committee, or to control members of the conference committee from either house.

"Nothing of this kind could happen in a one-house legislature for there will be no such thing as a conference committee."

4. Would the unicameral system be less expensive to the taxpayers than the two-house system?

"There are a hundred different ways and means by which the one-house legislature will be much less expensive than a two-house legislature. We could increase the indi-

vidual salary of the member and yet in the aggregate save a great amount of money in salaries alone. Logrolling, delays, and deadlocks (which are expensive procedures) between the two houses cannot occur."

Grow two better litters of pigs a year instead of one, for home use or market. You can do this by balancing farm grains with a half-and-half mixture of COTTON-SEED MEAL and tankage or fish meal.

Brood sows fed a protein supplement of Cottonseed Meal and tankage or fish meal, will produce larger pigs. This protein supplement fed to pigs builds larger frames and speeds growth.

Santa Fe spends 125 million .. in Eleven States!

The Santa Fe, in 1936, paid out more than 125 millions of dollars for materials and supplies, fuel, wages and salaries, and other items of operating expense, in the eleven states in which it operates. The amount assignable to each state was as follows:

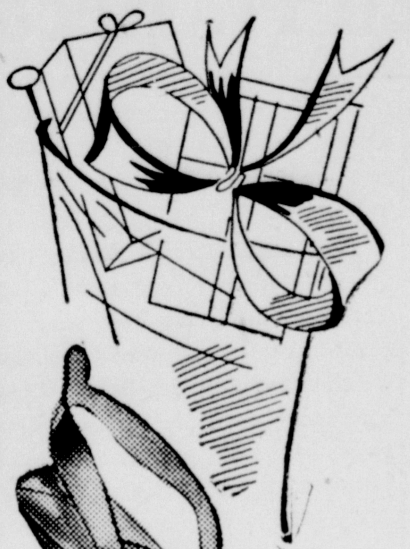

Illinois . . .	\$ 8,600,282	Louisiana . . .	\$ 137,989
Iowa . . .	1,086,406	Colorado . . .	4,865,701
Missouri . . .	8,197,033	New Mexico . . .	15,111,396
Kansas . . .	27,069,366	Arizona . . .	12,919,152
Oklahoma . . .	9,606,664	California . . .	21,251,768
Texas . . .	16,216,061	Total . . .	\$125,061,818

From 1927 to 1936, inclusive, the monies disbursed by the Santa Fe in these states for operating expenses totaled \$1,350,499,728.

This average annual expenditure of more than 135 millions of dollars over the past decade, devoted entirely to the purchase of goods and services, has been of inestimable value in promoting local industry and trade, and in providing varied employment for thousands of persons, throughout Santa Fe territory.

Points and Personalities

When your friends start wondering if you wear size eleven or ten sock, if the gloves you wear are "sevens" or really "eights," and ask the brand of your tobacco, then there's something stirring. If your wife casually notes the collar on her fur coat is worn and there's a fur sale now and speaks of 'gor-geous silver, then that's a hint. When the conversation turns to dollars and expense, they watch to see how you react. Yes, there's really something stirring; plans are under way and Christmas Day is very near.

What young and well known grocery man is very UN-happy because his wife is out of town?

A certain prominent beauty operator and shop owner celebrated her birthday this week, and the girls in her shop gave her a lovely Maderia luncheon set. Confidentially, it is hoped that this may "promote" an idea.

When we asked a well-known dry goods manager about his "date" the other night, he stoutly denied it and declared "I was with no lady!" (We wonder what she thinks?)

A charming young blond school-teacher is now wearing a very lovely diamond. It won't be long before Dan Cupid can write some new names in his book.

Seen around town: Bill Norris growing a mustache... A Methodist steward dunning a "good Baptist" for the church budget... Plenty of action with Katy Prater and Everett Townley helping coach the Junior football team... A couple of the "frying size" crowd courting on Jackson and Seventh Street and forming a nice silhouette in the front door... A cute "winking" Santa in Strauss Dry Good's window

... The Freshman class giving a good impersonation of the Hamlin High School faculty in assembly Wednesday.

The choice story of the week is about an attractive matron who works in the oldest drug firm of our fair city. On Saturday afternoon during the rush hours of business, she "took off" from her work, went down to a local variety store to attend the opening of Toytown, and took a long, noisy ride in one of Santa's red wagons. (Poor kids! They ain't got a chance)

College kids: With all the college kids home for Thanksgiving holidays, the old town took on a new air and sort of perked up for a day or so... One young man from Texas U. made his Mom and Pop walk or ride in a used car while he was home... A young lady from T. S. C. W. acquired a diamond and is now taking up the study of geography... John Howard Jr., who came home with a Rip Van Winkle beard, says its tough on fish... To represent the American co-ed of poise and personality, we choose Ann Ferguson of Tech and Inez Howard of H. S. U... A certain popular law student of Baylor spent most of his holidays studying—honest... Lawrence King, sporting a Tarlton uniform, gave the girls a rush and a thrill... We were glad to see the rest of the kids, too, and if we missed you, you'd better watch out Christmas.

What young Compress employee (a pal of Daniel Boone) goes home every week-end to take a bath?

We have had an "Eleanor blue" and a "Wallis blue" in ladies fashions and now that Mrs. Roosevelt is favoring purple in her winter wardrobe, we wonder what the Duchess will dictate to our women.

Mr. and Mrs. Holley Toler and little daughter, Suzanne, who have been visiting their parents, Dr. and Mrs. A. E. Pardue, returned to their home in Austin, Sunday. They were accompanied by Mr. and Mrs. Burt Brydson, of Austin, who were also week-end guests in the Pardue home.

RAILROADS AND NEWSPAPERS

The railroad industry has applied for permission to raise freight rates 15 per cent, because its revenues are not sufficient in these days of higher costs and wages to pay expenses and leave an adequate amount over for improvement and expansion.

In asking this permission, the railroads want to do only what most unregulated businesses have already done. For example, newspapers all over the country have been increasing their single copy prices and in some cases their monthly or annual subscription prices. Increased production costs make this necessary.

The railroads are in the same position as these papers. Everything the lines use costs more than it did a year or two ago, even as a newspaper's main source of expense, newsprint, costs more than it did. And like the newspapers, the railroads' only source of operating income is from the sale of their services—in one case, transportation; in the oth-

er, advertising and news.

Whenever a regulated industry asks permission for rate increases, the average human reaction is to protest at once, and hope that it will be denied. But a railroad isn't any different than a newspaper or a real estate agency or a grocery store or a specialty shop. It is governed by the same economics. And when outgo exceeds income, it must raise its prices or go bankrupt.

Mr. and Mrs. R. E. Johnson accompanied by Miss Buna Rountree, left Sunday for Floydada, where they will spend several weeks in receiving and storing cotton under the government loan plan.

Mrs. Roy M. Stine and little son, Roy Lee, of Vernon were down to spend Thanksgiving with their mother, Mrs. J. B. Adkins and other relatives.

Miss Clonelle Harris, of Dallas, spent the week-end here with her parents, Mr. and Mrs. R. L. Harris and other relatives.

Mr. and Mrs. Frank Woods and daughters, Maurine and Moselle, of Denton were over Thanksgiving day to enjoy a family dinner with Mrs. Wood's brother, N. M. Armstrong and family.

Mrs. A. G. Griffin came in from the Shell Pipe Line Station to spend Thanksgiving with her daughter, Mrs. J. D. Rountree and family. Mother Griffin is one of Hamlin's pioneer women, but for the past several months she has been making her home with her son at the Shell Pipe Line Station.

Mrs. G. W. Walshe of Hartshorn, Okla., and her daughter, Mrs. Martin Updike of Long Beach, California, sister and niece of Mrs. M. Y. Wilson, came last Friday for a visit with Mrs. Wilson. They left Thursday for California.

W. L. Boyd and Mr. and Mrs. Henry Albritton left Monday for Lorenzo where they will spend several weeks receiving and storing cotton under government loan.

JUNIORS CHOOSE CLASS JEWELRY

The Junior class of Hamlin High School met in a called meeting, Wednesday, December 1, for the purpose of making a final selection of class jewelry and emblem for the year 1938.

The class members unanimously chose an attractive wristlet, belt buckle and pin, all of which will have the same crest. The crest, bearing the class emblem, will be centered with the letter "H," under which the word "Juniors" will appear. Deliveries on the first order, which was sent this week, will be made shortly after Christmas.

FIGHT FLU AND PNEUMONIA

AUSTIN, Dec. 1.—Reports from widely separated parts of Texas to the State Health Department indicate that influenza is on the increase. Recent snows and colder weather account for the increase, according to Dr. Geo. W. Cox, State Health Officer.

Colds, gripe, influenza or whatever we may call them are believed to spread from person to person through the nose and throat. To protect yourself and others from such discharges, here are precautions to be followed:

Influenza is highly infectious. Practically everyone is susceptible to it. No matter how many times you may have had the disease, you may contract it again. Therefore, keep away from people who are sneezing, coughing, or sniffing, or who are actively ill with colds, influenza, or pneumonia.

Keep away from crowded places. Have your own towel and drinking cup and always wash your hands before eating.

Keep yourself as fit as possible. Drink plenty of water, eat simple,

nourishing food, exercise out of doors every day, dress according to the weather, get plenty of sleep in a well-ventilated room.

If you feel an attack of flu, or even what you may think is an ordinary cold, coming on, go to bed, send for your doctor, and follow his directions. A cold can too easily develop into a fatal mistake.—State Department of Health.

EXPRESSION OF THANKS

To all of our friends, who were so kind and sympathetic in our hour of sorrow in the passing of our little one, Judy Earl, we wish to express our thanks and appreciation.

To the doctors and nurses of the Hamlin Hospital, we also wish to express our appreciation. To the last they battled for our darling's life.

SAFETY SCHOOL IS BEING HELD

Forty men representing the Oil Mill, Oil Field, Compress, Plaster and Cement Company and various other industries of this section have enrolled in the two weeks safety course now in session in the High School Study Hall. These men meet each night at 8:00 o'clock and remain until 10. They are being trained to meet emergency accident cases, and render first aid to the injured. Every man in town is invited to attend the lectures at no charge to the individual.

At the end of the course, an examination will be taken and those passing will be awarded a first aid Red Cross certificate. The school is under the direction of Mr. G. Allen Tennent, Safety Engineer, for the Texas Employers Insurance Association.

BACK IN HOSPITAL

Below is a card from our old friend, C. D. Yarbrough—self-explanatory—But Gosh! Old Top! Thought you were right here in Hamlin. Here's his card:

Hamlin National Farm Loan Association Reveals A 20 Yr. Record

Marking two decades of cooperative farm-mortgage credit in Fisher, Jones, and Stonewall counties, the Hamlin National Farm Loan Association is observing the twentieth anniversary of its founding this year. Since September 17th, 1917, the day it was organized, the association has made loans amounting to a total of \$600,000.00 to 200 farmers, and now has 161 members. Thos. F. Holman of Hamlin is the association's president; Joe L. Culbertson of Hamlin is vice-president; and the other members of the board of directors are W. L. Beavers, of Hamlin, who has been a director since 1928, R. S. Johnson of Hamlin who has been a director since 1929, and Ira A. Clements of Hamlin who has been a director since 1935, and Tate May, has been Sec.-Treas. since August, 1929.

The group that met in Hamlin twenty years ago to form the association was composed of local farmers who signed the articles of incorporation and application for a charter. The charter members who are still members today are N. R. Packwood, G. L. Barnett, S. C. Ferguson, and H. Fields. N. R. Packwood of Hamlin was the first president, and the original directors were N. R. Packwood, Sam C. Vaughan, N. J. Smith, C. W. Robinson and J. M. Boardman and E. C. Brand was first Sec.-Treas.

Members of this association become part-owners, thus sharing in the success of their own farm-financing business. In effect, therefore, the plan enables farmers to pool their credit resources and obtain their financing at low interest rates, but more particularly, enables

them to arrange their debts on terms which avoid, as far as possible, the risks which go with a short term mortgage.

The association's loans are made on long-term contracts amortized over as much as 33 years, and the semi-annual payments reduce them to the vanishing point. At present, the association is making first-mortgage loans at an interest rate of 4 percent, a rate which has been in effect on new loans since June, 1933, and the lowest rate that the association has ever offered.

The association assists in making and servicing Land Bank Commissioner loans, which are made without the endorsement of the association. The association also makes loans to finance the purchase of farm real estate. Under this plan it is possible for worthy tenant farmers to own farms of their own. A reasonable down payment is required, and the applicants should have sufficient farming tools and livestock to work a farm.

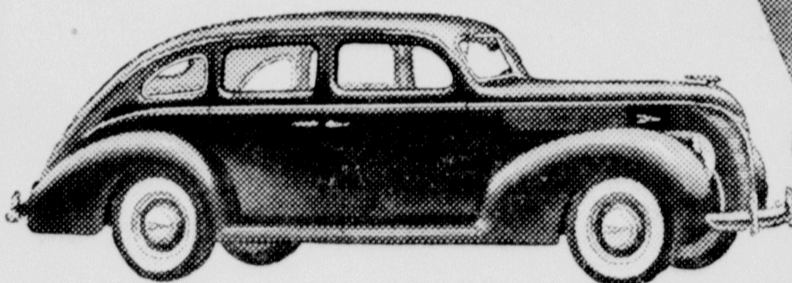

April 3 of this year the Federal Land Bank of Houston celebrated its twentieth anniversary. During the past twenty years the Federal Land Bank of Houston has made through National Farm Loan Associations nearly 91,000 Federal Land Bank loans totaling approximately \$313,500,000. In addition, the bank has made more than 34,000 Land Bank Commissioner loans totaling more than \$63,000,000 to Texas farmers and ranchers.

The Hamlin Association is classified as one of the best Associations. It has a good collection record and at this time is in CLASS ONE.

Announcing TWO NEW FORD V-8 CARS FOR 1938

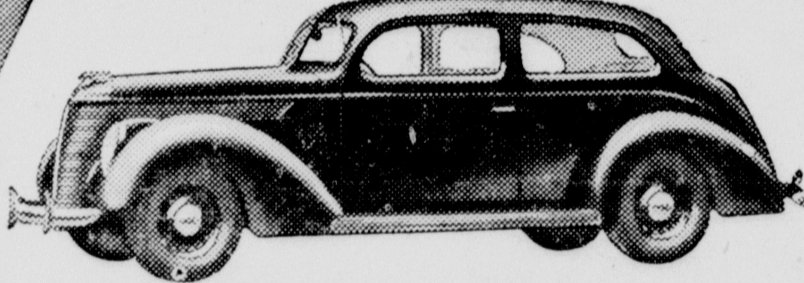

THE DE LUXE 85 HORSEPOWER

DE LUXE FORD V-8... 112" wheelbase; 85-horsepower engine; Improved Easy-Action Safety Brakes; Center-Poise Ride; All-steel body; Mohair or Broadcloth upholstery; Walnut-finished trim; Twin horns, tail lights, sun visors; Clock; 6.00" black tires, white side-walls are extra; 8 body types; 6 colors.

THE STANDARD 60 OR 85 HORSEPOWER

STANDARD FORD V-8... 112" wheelbase; 85 or 60 horsepower engine; Improved Easy-Action Safety Brakes; Center-Poise Ride; All-steel body; Broadcloth or Mohair upholstery, Mohair extra in "60"; Mahogany-finished trim; One tail light, sun visor; Twin horns; 3 body types; 3 colors.

FORD offers two new cars for 1938—the Standard Ford V-8 and the De Luxe Ford V-8. They are different in appearance—but built to the same high standard of mechanical excellence—on the same chassis.

Because people liked our 1937 car so well, they bought more than of any other make. They liked its looks, its smooth performance, and the way it handled. We have improved on that car in the newly styled Standard Ford V-8.

But some folks wanted still more size and style, with the same Ford advantages. For them, we designed a new De Luxe line.

The De Luxe Ford V-8 Sedans are longer with more room, larger luggage space, and finer appointments all around.

De Luxe cars are equipped with the 85-horsepower engine only.

The Standard is even lower priced than the De Luxe. It has graceful new lines and well-tailored interiors—with a choice of engine sizes—85 or 60 horsepower.

Before Ford made V-type 8-cylinder engines available to every one, they were used only in expensive cars. Since then, four million Ford owners have learned the genuine enjoyment of driving an eight-cylinder car with all-around economy.

The thrifty "60" engine, especially, makes possible in Standard models a very low first cost and equally low operating cost. With two distinct designs, two engine sizes and two price ranges, you'll find a 1938 Ford car to fit your needs exactly.

PRICES FOR CARS DELIVERED IN DETROIT—TAXES EXTRA

Standard Ford V-8 (60 hp.)—Coupe, \$599; Tudor, \$644; Fordor, \$689. Standard Ford V-8 (85 hp.)—Coupe, \$629; Tudor, \$669; Fordor, \$714. De Luxe Ford V-8 (85 hp. only)—Coupe, \$689; Tudor, \$729; Fordor, \$774; Convertible Coupe, \$774; Club Coupe, \$749; Convertible Club Coupe, \$804; Phaeton, \$824; Convertible Sedan, \$904.

Standard and De Luxe cars equipped with bumpers, bumper guards, spare wheel, tire tube, tire lock and band, cigar lighter, twin horns, and headlight beam indicator on instrument panel, at no extra charge.

In addition, De Luxe cars are equipped with extra tail light, windshield wiper, sun visor; also de luxe steering wheel, glove compartment lock, clock, and chrome wheel bands, at no extra charge.

ANSON MEN

GROWING WHISKERS

There'll be goatees, mustaches and whiskers decorating numerous faces in Anson during the coming month as men of the town begin now to grow these facial adornments, and it is all to help lend an old time air to the Cowboy's Christmas Ball which is held here annually. Ladies too will be decked out in flowing blouses, ruffled skirts and quaint basques as did the women of the eighties.

Dates for the ball this year are December 20, 21, 22 and 23 with the ball to begin each night at 8 o'clock at the high school gymnasium.

Besides facial adornment of the men, boots will accompany the barbaric wail of the bass viol and fiddle as such dances as the schottische, waltz, square, heel and toe polka, and Virginia reel will be the order of the night.

Guests from as far away as Chicago have already sent word that they will be here as well as other places. A special effort is to be made this year, too, to include all old timers who attended the ball of Chittenden's day to attend this re-enactment.—C. of C.

ANSON CHICKEN SHOW

CATALOGUES READY

Catalogues for the fourth annual Jones County Poultry show are being prepared and show an increase in the amount of the regular prizes and in increased cash and merchandise list of special prizes.

There are also prizes on turkeys and egg displays. Also a prize on the biggest egg displayed as well as for the 500th and 1000th visitor to enter the show. In all there are thirty-five special prizes.

The Anson Chamber of Commerce is sponsoring the show and anyone desiring a catalogue should write the organization so that their name will not be left off the mailing list.

Dates for the show are December 9, 10 and 11.

G. D. TRIPLETT, Secy:

Recommendations which will solve the major water problems in the five Texas drainage basins have been forwarded by the Texas Planning Board to the National Resources Committee in Washington for submission to Congress. Recommendations call for the expenditure of approximately \$300,000,000 in Texas.

GOOD ADVICE FROM GAS CO

Hazards to health from careless use of natural gas and also fires and accidents can be avoided by observing a few simple precautions, according to gas company officials. They explain that natural gas, with all the safeguards the gas companies have placed around it through their modern service, is perfectly safe under any reasonable handling.

Open flame heaters can give excellent service when properly adjusted and protected but they can also cause unhealthful conditions as well as accidents. Families who huddle in one overheated room lay themselves liable to colds and even more serious diseases. If the open flame heater is turned up too high it will cause bad air in the room. Such heaters also should be protected with screen guards to prevent clothing from swinging into the flame and to protect small children.

Keep curtains, draperies, and similar inflammable materials away from heaters and do not dry clothing near the heater. Wind may blow the material into the flame, or it may become overheated and ignite. Do not use gasoline, naphtha or benzene for cleaning. Use some of the safer solution now obtainable and the out of doors during the day.

Avoid gas leaks by careful check of all stoves and outlets. If escaping gas is detected, close all gas valves and cocks, shut off gas at meter, and open doors and windows. Notify the gas company or a licensed plumber at once and allow no flame of any kind to be brought near the leak until it has been repaired.

All heating equipment should be inspected and adjusted by reliable firms or individuals known to be qualified experts. No one but licensed plumbers and gas experts should connect gas appliances.

Gas heaters should be attached to gas outlets with rigid metal pipe and screw connections. Loose gas cocks should be made tight or replaced. If flexible tubing is used, it should be gas tight, as the rubber dries out and causes small cracks not discernable to the eye. Gas should always be turned off at the wall as well as at the appliance. If a heater or range is moved from one room to another, always make sure it is properly connected in its new location and that the old connection is properly closed and sealed.

Society and Clubs

ENTERTAIN WITH LUNCHEON

The Home Economics II Class entertained Thursday at 12:00 o'clock with a two course luncheon in the dining room of the Home Economics department of the High School.

Yellow chrysanthemums centered the dining table and a bouquet of the same flowers placed on the buffet added attractiveness to the room.

Guests were Mrs. Tom Shelburne, Mrs. Dewey Gildon, Mrs. B. M. Brundage and Miss Doris Pope.

Members of the class, who under the direction of their teacher, Miss M. Hudson, assisted in preparing and serving the luncheon were Misses Marian Martin, Wilma Reynolds, Maxine Brundage, Ida Mae Gildon, Clara Louise Shelburne, Evelyn Harris, Wanda Francher, Anna Ruth Rodnett, Ruby McCoy, Oleta Morris and Hazel Adkins.

Mr. and Mrs. R. T. Spaulding, of Wichita Falls, spent Thanksgiving here with their parents, Mr. and Mrs. D. Rountree.

MRS. TOM VAUGHAN

HOSTESS TO G. C. O. CLUB

Mrs. Tom Vaughan was hostess to the G. C. O. Club, Wednesday afternoon from 2:30 to 5:00. Four games of contract were played with Mrs. L. P. Holly winning high score.

At the conclusion of the games, a plate holding a gelatin salad, brand pudding and hot chocolate was passed to members and guests: Mmes. R. V. Hayes, C. A. Thompson, A. B. Young, G. R. Brumaghim, T. E. Jones, L. M. Pylate, J. T. Young, R. P. Holly, A. M. Hood, R. F. Andrus and guests, Mmes. J. A. Nelson and E. R. Richardson.

BLUE BONNET CLUB

WITH MRS. BURY

Mrs. J. E. Bury entertained the Blue Bonnet Club in her home on Jackson Avenue, Tuesday afternoon.

Chrysanthemums decorated rooms where two tables were appointed for bridge. High score was made by Mrs. J. C. Culbertson. Salad, sandwiches, date pudding and coffee was served.

Those playing were Mmes D. J. Payne, W. J. Poe, Carl Clifford, J. C. Culbertson, J. E. Cory, Misses Pearl Whiteley, Allie Whiteley and Frances Chenault.

MRS. TOLER COMPLIMENTED

WITH PARTY

Mrs. A. E. Pardue and Mrs. Turner Bynum were co-hostesses when they entertained Friday afternoon in the home of Mrs. Pardue with six tables of bridge complimenting Mrs. Holley Toler, of Austin.

Autumn flowers decorated the entertaining rooms while score cards and appointments were in the same theme. High score favor was won by Mrs. Wright Boyd, of Lamesa, with Mrs. M. Smith, of Anson, receiving second favor. A gift was presented the honoree.

Salads were served to Mrs. Sam Hardy of Memphis, Mrs. Bert Byrdson of Austin, Mrs. Archie Pardue of Stamford, Mrs. Milton Wilson of El Paso, Annie Laurie Johnson of Coleman and Mmes. Tom Williams, P. A. Fowler, Bob Low, C. C. Prater, B. L. Jones, A. D. Ensey, R. H. McCurdy, J. T. Bynum, Frank Waggoner, Garland Tumlin, Merle Woodward, Elmer Feagan, John Ed Day, L. H. Williams, Henry Albritton, D. D. Harden, Boyd, Smith and Toler.

MRS. DANIEL CELEBRATED

SIXTY-FIFTH BIRTHDAY

Mrs. W. H. Daniel was honored with a dinner given by her children in her home Sunday in celebration of her sixty-fifth birthday, which had fallen on the previous Friday, November 26.

Those enjoying this happy occasion with Mrs. Daniel were Rev. and Mrs. Joe Hull and little daughter of Plasterco, Mr. and Mrs. L. E. Hines and children, Melville and Betty Jean, Mr. and Mrs. Aubrey Daniel and baby and Arthur Daniel.

DINNER HONORS OFFICERS

OF EASTERN STAR

Mrs. Otis Hopper, Worthy Matron of Hamlin Chapter of the Eastern Star extended a lovely courtesy to officers of her Chapter when she entertained Thursday evening, November 18, at 6:30 o'clock with a three course dinner in the home of Mrs. J.

E. Bury on Jackson Avenue.

Plume chrysanthemums in shades of orchid and yellow were used in room decorations. The tables were centered with "horns of plenty" and quaint colonial bonnets which served as place cards were in keeping with the Thanksgiving motif. Good Cheer Cook Books were given as favors.

Those present were Mmes. B. S. Ferguson, W. H. Gilbert, J. E. Cory, B. Hassen, Ira Clements, Craig Elmore, L. E. Griffin, O. G. Ebert, D. Freedman, D. O. Sauls, W. J. Poe, Paul Bryan, J. E. Bury, Miss Mina Faye Cotton and Mr. Ira Clements.

WOMAN'S LITERARY CLUB

Mrs. S. C. Ferguson was hostess to the Woman's Literary Club in her home south of Hamlin, Friday afternoon.

The study, "Southern Trails and Personalities" was directed by Mrs. Leslie Sparks. Others having parts on the program were Mrs. Tom Teague, Mrs. J. D. Burk, Mrs. T. A. Thigpen and Mrs. I. R. Witt.

During the business session plans were made for a Christmas Bazaar, which will be held Saturday, Dec. 11th.

The hostess served osgood pie and coffee at the conclusion of the program.

MISS FLORENCE BOYD BECOMES

BRIDE OF PHIL SPARKMAN

Miss Florence Boyd and Mr. Phil Sparkman, of Sweetwater, were united in marriage Thanksgiving day at the home of the bride's parents, Mr. and Mrs. W. L. Boyd, on Jackson Avenue. The ceremony was read by Rev. J. Henry Littleton, pastor of the First Baptist Church, as the couple stood beneath wedding bells suspended from an arch of greenery. Chrysanthemums placed at vantage points gave decoration in the rooms.

The bride wore a becoming frock of mahogany velvet with harmonizing accessories and carried an arm bouquet of calla lilies. Her only attendant was her sister, Mrs. Henry Albritton, who was attired in a gray dress. Her flowers were a corsage of pink and white carnations and blue delphinium.

Leonard Weaver, of Sweetwater, was Mr. Sparkman's best man. Preceding the ceremony Forrest Greenway played "Trees," and "Oh Promise Me" and gave the wedding music.

From an attractively decorated lace laid table the bride's cake, an elaborate confection, was cut and served with coffee.

Mr. and Mrs. Sparkman left immediately for a short wedding trip to San Antonio and points in Mexico. For her going away dress Mrs. Sparkman chose a black wool crepe with black accessories. Her coat was tan camel's hair.

Mrs. Sparkman is the youngest daughter of Mr. and Mrs. W. L. Boyd. She is a graduate of the Hamlin High School and of Baylor University. She is now an instructor in physical education in the Sweetwater public schools.

Mr. Sparkman is a salesman for a national company, and has headquarters in Sweetwater, where he and his wife are now at home in the Green apartments.

Out of town guests attending the wedding were Mrs. Sparkman, of Pecos, mother of the bridegroom, Miss Anna Grace Mathis, of Mineral Wells, Mr. and Mrs. Marvin Hampton and Ben Reed, of Sweetwater, Mr. and Mrs. W. R. Johnson and children, of Dallas and Mr. and Mrs. Wright Boyd and son, Wright Grant, of Lamesa.

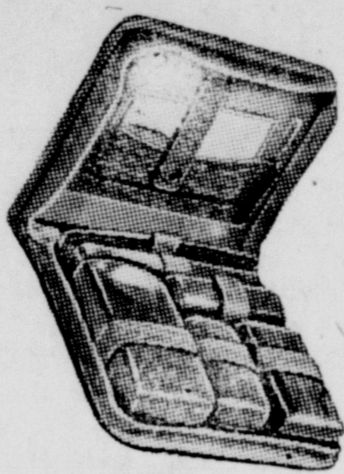

CONGRATULATIONS

Mr. and Mrs. Kirby H. Fudge are the proud parents of a nine pound boy, born at the Hamlin Hospital, November 20. Mr. and Mrs. Fudge live near Stamford on the Prewitt farm.

Our State Representative Travis Dean has been in and out of Hamlin before and since Thanksgiving. From all indications he is learning rapidly down at Austin, and from what he says, somewhere back in the Treasury there are several millions available and that our state is NOT in the red—(Travis, show us—please.

1100 Freshmen Can't Be Wrong

Not content with being elected president of 1100 freshmen at Texas State College for Women, petite Margaret Walling of Childress also walked away with the beauty honors of her class. Although she's a demure little blonde, five feet two, with eyes of blue, she has had no trouble in capably leading her classmates through first year difficulties.

DUCK SEASON IS NOW OPEN

The following extracts of federal duck hunting regulations for Texas are announced by U. S. Game Management Agent Vernon D. Yelton, 401 Federal Building, P. O. Box 534, Albuquerque, New Mexico.

STAMP:

All persons over sixteen years of age must have on their person an unexpired federal migratory waterfowl hunting stamp (commonly known as the Duck Stamp) when hunting ducks and geese, regardless of whether or not they are hunting on their own land.

GUNS:

All pump, repeating or automatic shotguns must be plugged so to hold only three (3) shells at a loading; that is, two in the magazine and one in the barrel. All rifles, including 22 rifles, are prohibited.

BOATS:

The federal regulations do not permit the use of a motor boat, sail boat or any craft or device of any kind towed by a power boat or sail boat. It is a violation to shoot doves or any migratory game birds from an automobile. A hunter may use a row boat as a blind for taking migratory waterfowl as long as there is no motor attached to the boat.

DECOYS:

No live decoys may be used, directly or indirectly. Example: Tame decoys on a lake must be removed from lake and placed where their calling or any noise that they may make could not be directly or indirectly the cause of attracting wild ducks or geese to lake, river, slough or any shooting stand where wild ducks are to be shot.

BAITING:

It is strictly against the federal regulations to place, scatter, or cause to be placed or scattered, any grain or substance to attract ducks or geese to a shooting lake, slough, river, or any shooting stand for the purpose of shooting waterfowl that are attracted.

PROTECTED DUCKS:

Bufflehead, canvasback, redhead, wood ducks, ruddy, or butter ball may not be killed at any time.

BAG LIMIT:

Ducks, 10 in one day. Any person may not possess more than 10 at any time.

Geese or Brant, 5 in aggregate of both species in one day. No one may possess more than 5 at any time.

Jacksnipe or Wilson snipe: 15 in one day. No one may possess more than 15 at any one time.

Ducks killed during season may be kept for but 10 days after the season closes; only one day's bag, 10 ducks and 5 geese.

TIME:

Ducks and geese may be legally taken from 7:00 a. m. to 4:00 p. m. (Standard time commonly used in district, where birds are being shot.) November 27 to December 26, 1937, inclusive.

The Herald would suggest that the best way to be safe is not to hunt ducks at all, anywhere, anytime.

Folks Are Funny

By E. V. White, Dean

Texas State College for Women

Only a fool will argue with a fool.

The Texas Planning Board has learned that Cellulose, which may be derived from East Texas pines and other woods, native bamboo, ragweeds, sweet potatoes and a dozen other standard crops, is now being used in artificial silks, lacquers, paints and enamels, celluloid and collodion used for water-proofing materials.

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Two 1938 Ford V-8 Cars Displayed

TWO distinct lines of Ford V-8 cars are now being displayed in dealer showrooms. One is a newly-styled standard Ford line in three body types, the other a de luxe Ford line in eight body types. The de luxe Tudor sedan is pictured above. The de luxe sedans are larger in appearance, with longer hood and sweeping lines. The de luxe cars are powered with the 85 horsepower V-8 engine, the standard cars with either the 85 or the 60 horsepower engines. Newly-styled interiors are pictured at right. New instrument panel has instrument group in front of driver, grille for radio speaker installation in center, flanked by engine controls and cigar lighter, and glove compartment at right. In the de luxe cars, the compartment locks, and a clock is recessed in the compartment door.

A headlight beam control is fitted on the dashboard, a tell-tale light on instrument panel indicates whether the headlight beams are raised or depressed.

MRS. LENA WILSON AND REV. C. E. LESLIE MARRIED

Mrs. Lena Wilson and Rev. C. E.
Leslie, of Hermleigh, were united
in marriage Wednesday afternoon,
November 23, at three o'clock in the
home of Mr. and Mrs. John T. Day
on Central Avenue. The ceremony
was read by Rev. J. Henry Littleton,
pastor of the First Baptist Church.

Wedding guests were members of
Mrs. Wilson's Sunday School class,
who had been invited to the Day
home to attend a shower given in
honor of Mrs. Wilson, with Mrs. Day
and Mrs. J. W. Ezell as hostesses,
but they had not been told that the
wedding was to take place at that
time, and were happily surprised
when Rev. Littleton with the bride
and groom entered the living room
where the ceremony was read. Mrs.
Wilson wore a dress of antique ma-
hogany with harmonizing accessori-
es.

Following the ceremony guests
were invited into the dining room
where Mrs. G. H. Tumlin served the
wedding cake and coffee. The din-
ing table was laid in lace and cen-
tered with orchid chrysanthemums.
Poinsettias and cyclamen were used
to decorate rooms.

A beautiful selection of gifts was
presented to the bride and groom
who opened packages and passed
them for guests to see.

Following the shower Rev. and
Mrs. Leslie left for Hermleigh, where
he has made his home for a number
of years and where they will live.

GOOD ENGLISH WEEK IS OBSERVED

From December 1 to December 14
has been set aside by the English
department in the high school build-
ing as Good English Week. Every
student in the building is participat-
ing in a better speech contest—The
Seniors and Freshmen vs. Sopho-
mores and Juniors and Miss Vaug-
han's room vs. Miss Duckworth's.
The student who hears the error
writes the error on a colored tag and
asks the person making the error to
sign his name. Then the tag is drop-
ped in a locked box in the corridor.

Every student is required to make
a Good English Poster. Each teacher
will select her best posters for the
poster contest sponsored by the High
School Parent-Teacher Association.

On December 15, a special Good
English Program will be presented
by representatives from every class
participating in Good English Week.

The Texas fig canning industry,
which hit an all-time low during the
depression, is staging a great come-
back, according to the Texas Plan-
ning Board, which reports that 25,
000 pounds of fresh figs daily now

are being canned in Texas.

PINEY WOODS PROSPECTS

A two hundred million dollar in-
dustry is not to be sneezed at, and
that's what speeded up the pulses of
Texas business men when the pos-
sibilities of large scale newsprint
production in this state became
known. The discovery that young
slash and yellow pine had no rosin
and was therefore suitable for man-
ufacturing into newsprint opened the
way for predictions that the huge
industry now centered along the
Canadian border will move south-
ward eventually. The Southern pine
belt extends through East Texas and
along the entire gulf coast to the
Atlantic, and the growth of trees
is much more rapid than in the north.

Although Texas has the essential
raw materials for making soap, such
as fats, oil, alkalis, sodium silicate
and rosin, practically all of the soap
used in Texas is shipped in from
northern and eastern states, the
Texas Planning Board reports.

Texas rice hulls, formerly consid-
ered a waste, are now being used
commercially as packing material, as
a filler for horse collars, as an insu-
lating product and as a mulch, ac-
cording to information received by
the Texas Planning Board.
